

Benefit Pays with Purpose

Benefit is a mobile payments app that funds the things that matter most through everyday transactions. You can easily use the Benefit app while checking out in-store or online. Paying with Benefit is **faster, safer, and more rewarding** than traditional payment methods. Each purchase earns between 2% - 20% of the transaction total that is sent to the cause of your choosing – in this case, hopefully that'll be Celebrate HARVEST. The Benefit app makes giving to the things you care about easy. **Consumers Shop. Benefit Gives. Causes Earn. Everyone wins!**

Make your dollar go farther.

Support the things that matter most by using the Benefit app when shopping for your weekly groceries, your summer wardrobe, airline tickets and hotel reservations for your next trip, or even indulging in a latte. The Benefit app lets you Pay With Purpose™ by supporting your favorite charity, school, or other non-profit organization and helping them raise money with your everyday purchases at no additional cost to you.
